

Attribute Groups

What it does:

Allows you to set longer grouping titles for any of the attributes.

In all the Attribute tables, there is a field called Grouping. If you type a short word here all those that match will be grouped together. For example, the word General as shown in the first column.

However, in the second column we wanted the case attribute to be more descriptive than just displaying the word "Living" so we added an attribute group called Living with a long description. The long description is what is displayed in the case attribute grouping.

<p>Code: ALC</p> <p>Short description:* Alcohol</p> <p>Long description:* Alcohol Related</p> <p>Special (Y/N):</p> <p>Add Only (Y/N):</p> <p>Grouping: General </p>	<p>Code: L09</p> <p>Short description:* Group home</p> <p>Long description:* Lives in group home</p> <p>Special (Y/N):</p> <p>Add Only (Y/N):</p> <p>Grouping: Living </p>
