Stay attribute type

What it does:

Allows you to add all possible options for warnings, health issues, behavioral issues, psychological issues, PREA results, etc. about a person being detained. You can have multiple attributes on one person.

Adding the table entry

Menu | Tables | Generic Validation Tables |

- **Code** – Choose a code. It can be 1-4 characters.
- **Short description** – The short description can be up to 15 characters
- **Long description** – The long description is what the users see, it can be up to 50 characters long.

Click the **Update** button to save your work.

Name	File #	Age	Race	Location	Classification	Level	Attributes	Start date	Duration
