

Audit agency cases for logical errors

Report Description:

This report will look at cases to determine if they meet the criteria set up in this audit report. You can require the open cases to have a specific assigned role, such as a GAL. You can require open cases to have an assigned/home court, or they must have a case number, or each case person must have an other ID. In addition you can include the audit cases for logical errors information.

Running the Report:

Enter the start and end date, if desired. If the dates are left blank, it will audit all open cases.

Audit Agency Cases For Logical Errors Enter report criteria and press "Submit"

Start date: 

End date: 

NOTE: Blank both dates to audit all cases.

The Report:

Audit agency cases for logical errors [redacted] County		
Case	Names	Errors
02D07-1809-JD-001020	[redacted]non(314503/15) - DEF	Public defender not found for open case. Case open but no case names are active Status last updated by O [redacted] M.
1 case records with audit errors found.		

Where the data comes from:

This report is looking for open cases. If the “[caseTypes](#)” setting is defined in the report it will only search for those case types.

You can specify any of the settings without specifying them all. For example, if you only want to find cases without a case number, you can leave the other options empty or comment them out, and run the report.

Report Settings:

```
# -- Required settings --
class=equest.app.reports.AuditAgencyCases
jobQ=batch

# -- Optional Report settings --
#report.notify.userID.1=xxxxxx

# Limit scope of audits to the following case types. If none are
# configured, then all cases will be audited.
# caseTypes.n=<caseType>
caseTypes.1=JD
caseTypes.2=JS
caseTypes.3=JM

# Audit case assignments. Requires all open cases to have at least
# one active assignment of the following assigned roles.
# requiredRoles.n=<assignedRole>
requiredRoles.1=PD

# Customize the error message for the case assignments audit.
# requiredRolesErrorText=<error text>
requiredRolesErrorText=Public defender not found for open case.

# Audit case assigned/home court. If yes, requires all open cases to
# have an assigned/home court.# requireCourt=<Yes/No>
requireCourt=Yes

# Audit case cause number. If yes, requires all open cases to have a
# cause number assigned.# requireCause=<Yes/No>
requireCause=Yes

# Audit other identifiers. Requires each case person of all open cases
# to have each of the other identifiers configured.
# requiredOtherIDs.n=<number type>

# Include AuditCases checks. If yes, this report will include all the
# normal online case audits (Same as the AuditCases report).# includeAuditCases=<Yes/No>
includeAuditCases=Yes
