

# Custody overview

## Report Description:

The report looks for open facility stays and open requirements that are defined in the report settings. It will also report on any facility stay or requirement that closed during the time period. It reports locations, classifications, attributes, start date and duration. If defined, it will look for people with a warrant and report on them. The report can also contain school information if desired.

## Running the Report:

This report does not require any additional input.

**Custody Overview**  
Enter report criteria and press "Submit"

This report does not require any additional input. Press "Submit" to submit the report for execution.

## Where the data comes from:

---

The report will look for an open facility stay or a facility stay that was closed during the date range. It will also search for any Requirement type/codes to include as defined by the report settings “requirements” that are open or were closed during the date range.
