

Medical detail treatment type

What it does:

Allows you to add details to Medical Treatment types. It provides a nice check list if a person was doing a general physical for example. Blood pressure, temperature, etc.

Adding the table entry

Menu | Tables | Generic Validation Tables | DetailType

Code: **V030**

Short description:*

Long description:*

Include w/FF:

Grouping:

Active:* Yes No

- **Code** – Choose a code. It can be 1-4 characters.
- **Short description** – The short description can be up to 15 characters
