

Domain sections for each assessment type

What it does:

Allows you to set up different domains or sections for each assessment so you can see how they score in the different areas.

Adding the table entry

Menu | Tables | Generic Validation Tables |

Code: DOM1

Short description:* DISP JJ HIST

Long description:* 1. Juvenile Justice History

Assess Type: DIS

Active:* Yes No

- **Code** – Choose a code. It can be 1-4 characters.
- **Short description** – The short description can be up to 15 characters
- **Long description** – The long description is what the users see, it can be up to 50 characters long.
- **Assess Type** - Should match the code from the Assessment Type table. If it is blank, it will be available for all assessment types.

Click the **Update** button to save your work.
