

# Detention Meals

## Report Description:

This report will list the people currently detained in a specific location. It will print a sheet that lists the person's name, age, race, and bed. Then will provide columns for Breakfast, Lunch, Snack, Dinner, Snack so each meal the person receives can be marked. If requested, the report can also list the dietary needs for that person, so you can ensure their meals do not include anything they are not to receive.

## Running the Report:

Enter the beginning and ending date.
