FF SELCAUS

What it does:

Allows the user to select a case number. That case number will then print in the document in various formats.

Used in template:

@si/chin/The Court finds the @v/ch-mo/ @v/are-mo/ currently a Ward of the Department of Child Services and @v/have-mo/ an open CHINS case under cause number @v/chcs/ ⬅

CHCS	@V/	FF SELCAUS/02	1	Select the CHINS cause number:

What the user sees:

The user will see all case numbers and should select the number they wish to use.
