# Number of days prior to event
to print subpoena

What it does:

Allows you to specify the number of days prior to a scheduled event the requested subpoenas/notices should print.

Adding the table entry

Menu | Tables | Generic Validation Tables | Defaults

Code: NOTICELEADTIME
Short description:* 999
Long description:* Number of days prior to event to print subpoena
Active:* ● Yes ○ No
Notes:

The short description should contain an integer specifying the number of days prior to a scheduled event on which the requested subpoenas/notices should print. Supoenas/notices for events further in the future than the specified number of days won't print.
