

Open requirements

Report Description:

This report provides a list of the names and identifying information for all people with a specific open requirement.

Running the Report:

Select the requirement type and/or code.

Select a provider if desired.

Open Requirements Enter report criteria and press "Submit"

Requirement type/code to report:

NOTE: You may select a Requirement type and code OR just the Requirement type. If you select only a Requirement type, then all open requirements of that type will be included in the report. Although selecting a Requirement type is not required to "submit" the report, if no Requirement type is selected the report will be empty.

Provider (only applies if requirement entered):

The Report:

Open requirements Allen County INFORMAL ADJUSTMENT - OPERATIONAL

Agu [redacted] na C	W	F	10/16/2002	315- [redacted]-3456	302209	8	7/17/2018		C. Ramirez G. Torres	

Where the data comes from:

The report will search all cases for an open requirement that matches either the report settings “[requirementType](#)” or “[requirementCodes](#).” The report will display that names assigned to the case that match the report setting “[personType](#).” If this is not defined, it will list all probation officers currently assigned to the case.

Report Settings:

```
# -- Required settings --
class=equest.app.reports.OpenRequirements

# This report can be initiated online or as a scheduled job. To specify the requirements to include in the report
# for a scheduled job, specify requirementType and/or requirementCodes. Multiple entries are allowed for
# either field.

# To specify all codes of a specific type, use
# requirementType.n=<requirement type>.
#requirementType.1=PROB

# To specify an individual requirement code use
# requirementCodes.n=<requirement type/requirement code>.
#requirementCodes.1=COMM/DOC

# Specify person type to display. If not specified, probation officer will be displayed.
# personType=???
```
