Plea

What it does:

Allows you to define the different types of pleas a person can enter.   You can program if this type of plea counts as guilty or not.

Adding the table entry

Menu | Tables | Generic Validation Tables |

- **Code** – Choose a code. It can be 1-4 characters.
- **Short description** – The short description can be up to 15 characters
- **Long description** – The long description is what the users see, it can be up to 50 characters long.
- **Guilty** – If Y, then this plea counts as "guilty"; otherwise, counts as "not guilty."
- **Case Type** – Limit to specific case type.

Click the **Update** button to save your work.
