

Recommendation regarding filing of case

What it does:

This table provides the options for how the probation department is recommending the case be handled. This table can be programmed so that it also updates the State's Decision selection when selected.

Adding the table entry

Menu | Tables | Generic Validation Tables | Recommendation

Code: IA

Short description:* Infor-Adju

Long description:* Informal Adjustment

Xref State Dec: IA

Undecided (Y/N):

Active:* Yes No

- **Code** – Choose a code. It can be 1-4 characters.
- **Short description** – The short description can be up to 15 characters
- **Long description** – The long description is what the users see, it can be up to 50 characters long.
- **Xref State Dec** – Specifies the state's decision table entry that should be set when this recommendation is used. It will automatically update the State's Decision when the recommendation is entered.
- **Undecided (Y/N)** – If Y, then the Recommendation is still undecided or 'Open'.

Click the **Update** button to save your work.
