

# Case Status Reason

## What it does:

---

Allows you to add options for specific reasons for a case status. For example, if a case status is wardship terminated, you could add reasons to indicate why the case was closed, for example, Successfully completed probation.

## Adding the table entry

---

Menu | Tables | Generic Validation Tables | StatusReason

---

Code: SUC  
Short description:\* Successful  
Long description:\* Successfully Completed Formal Probation  
CaseStatus: CLOS  
BI Grouping:  
Active:\*  Yes  No

- **Code** – Choose a code. It can be 1-4 characters.
- **Short description** – The short description can be up to 15 characters
- **Long description** – The long description is what the users see, it can be up to 50 characters long.
- **Case Status** – if blank, the reason applies to all case statuses. If not blank, the reason applies only to the case status code specified.
- **BI Grouping** – Groups multiple cases statuses together. Example, Dismissed and Disposed could have a grouping of Court Action. This is used in the Business Intelligence Software.
