

# Stay statistics report

## Report Description:

This report provides statistics about a specific location. It can be narrowed to include only specific types of incidents. Every section is broken down by Sex and Race. It provides statistics about the people in that location during the report period. It reports statistics such as Day, Month, Hour of arrest details, Age, Offense, Time Referred, Release, Case Disposition, Referring Agency, and zip codes.

## Running the Report:

## Where the data comes from:

---

### 1. Day of Week Arrest Detail

The report looks at the start date of the stay location and reports the day of the week for each person along with their race and sex.

### 2. Monthly Arrest Detail

The report calculates the monthly totals for those with a start date of the stay location during the report period.

### 3. Hourly Arrest Detail

The report calculates the start time of the stay location during the report period.

### 4. Age Detail

The report looks at the age of those people with a start date of the stay location during the report period.

### 5. Offense Level Detail

The report looks at the case tied to the stay reasons and reports the most severe offense level.

### 6. Offense Detail

The report looks at the case tied to the stay reasons and report the name of the statute of the most severe offense level.

### 7. Times Referred to Location Detail

The report looks at the stay location history for this person and counts how many times this person has been in this location.

### 8. Release Detail

The report looks at the reason the specified stay location ended. If they were moved to secure detention or released. If released it displays the release reason.

### 9. Case Disposition Detail

The report looks at the case tied to the stay reasons and report the case status dated after that stay location start date.

### 10. Referring Agency Detail

The report looks at the stay reason referring agency and displays the name of that agency.

### 11. Zip Detail

The report looks at the zip code of the home address at the time the stay location started.
