Notes: I met with Madelyn at VHS. She is very excited to have just about a week left on Probation. She stated classes are going very well. She has missed 2 days of school and is upset about it. She said it is difficult when she misses her vocational. She was sick when she missed. Madelyn has a job interview at White Castle tomorrow. She will be paying off her own probation fees. She hopes she gets hired. She is also taking her test for her driver's permit for the second time soon. No problems to report.
