Surrenders

Sometimes a parent may wish to voluntarily relinquish his or her parental rights. This is also referred to as a "surrender". Surrenders are so confidential that only Judges and Clerks are allowed to view the files.

The Orders should be kept in a separate order book from all other orders. This requires a separate "Surrender" court. The case Assigned/Home Court should be the surrender court.

There should be one case per parent. There may be multiple children on one case.

Return from Court

Following the surrender approval, add a Document called Surrender Return from Court (RFC-SUR).

This document will prompt you to dispose of the event.

It will ask if surrender was approved. If the answer is yes, it will update the filed statute disposition to granted.

It will prompt you to change the relatives. Change Mother's and/or Father's relative type (whoever was terminated) to "Terminated Parent", make sure lives with is "no", and change custody status to "Parental Rights Terminated."

It will add a Termination of Parental Rights requirement for all names associated with the case.

It will change the name of the Return from Court document to "Acceptance of Surrender."

It will add a case status of "closed," closing the case.
