

Medical treatment type

What it does:

Allows you to add options for the Medical Treatment section. Medical Treatments can be simply notes or they can have details added to them. See Table: [DETAILTYPE](#)

Adding the table entry

Menu | Tables | Generic Validation Tables | TreatmentType

Code:	PHYS
Short description:*	Physical
Long description:*	General Physical
Details (Y/N):	Y
Active:*	<input checked="" type="radio"/> Yes <input type="radio"/> No

- **Code** – Choose a code. It can be 1-4 characters.
- **Short description** – The short description can be up to 15 characters
- **Long description** – The long description is what the users see, it can be up to 50 characters long.
- **Details (Y/N)** – Determines if treatment details are displayed for this type of treatment.

Click the **Update** button to save your work.

- **Medical alerts** [\(List Medical Treatments\)](#) [Top](#)
[None](#)
